Jam Track

The Jamtrack folder contains a full track. There's one MIDI file for bass and one for drums.

Bass Loops

This set contains complete 12 bar loops plus some 4 bar variations that can be used to construct your 12 bar patterns.

12 Bar Loops

There are six 12 bar loops. A "Q" in the file name stands for a "quick change" meaning instead of playing the "1" chord in bar 2, the "4" chord is played instead.

Here's a "Q" progression:

G-C-G-G | C-C-G-G | D-C-G-D

Constructing a 12 bar blues

To create your own 12 bar blues, use one "A" section plus a "B" section followed by a "C" section.

Drums

The drums follow the General MIDI mapping standard and can be played with many apps such as EZdrummer or Superior Drummer.
